Help with arrival - registration

All travellers must complete an electronic form from the Turkish Health Ministry no more than 72 hours before arrival: <https://register.health.gov.tr/>.

The data provided will be used to create a personal HES code so that the Turkish Health Ministry is able to contact travellers. Therefore it is extremely important that the information provided is correct and up to date. A check may be carried out at the Turkish border to ensure that this form has been completed. If the form has not been completed or if inaccurate information has been provided, entry into Turkey may be refused.

1. **Open the online link:** <https://register.health.gov.tr/>
2. **Choose **English** as the language and confirm with "OK"**

The screenshot shows a web interface for registration. At the top, there is a red header with a close button (X). Below the header, there is a language selection dropdown menu currently set to "English". Below the dropdown, there is a paragraph of text: "Please prepare your travel information and identification documents before you start to fill in the form. There is no need to fill out this form for the transit passengers whose flight is from Turkey to another country." At the bottom right of the form area, there is a grey button labeled "OK".

3. **Enter your personal details**

Fill in all form fields to go to the next step.

In the next step, please specify all the countries that you have visited **within the last 10 days**. "Add country" allows you to add a country to your list and enter other countries you have visited.

6. Check your entries

Before submitting the form, check all of the information you have entered to ensure it is correct and confirm this with "Register".

You will then see a personal QR code with an associated 10 or 12-character HES code next to your personal details. Click the blue "Download" button and a PDF document will be generated. Carry this document ideally in digital format and in printed format throughout your entire trip so that you can prove your registration in the event of a check.
